*Mandatory Fields

*Add New Device:

*Device Details:

*Select Name:

ADD

1 Note: Please select which alert types you would like to receive on which contact device. To edit your home and work phone numbers, please go to My Profile and click on your name.

2 Note: Select the time of day you would like to allow calls to your phones. For example, if you select 8:00am as a start time and 5:00pm as an end time for your work phone, it will receive the alerts the school sends only during those hours. i.e. if the school sends an alert at 7:30am your work phone will NOT receive the alert. If you want a phone to be able to receive alerts 24 hours a day, select Midnight for both the start and end times. If you do not want a phone to receive alerts at all on either weekdays or weekends, un-check the box in the appropriate column.

3 Note: If you would like to remove a device that does not have an "X" by it, please go to the My Profile tab, click on your name, and remove the device.

Honeywell

Instant Alert[®] for Schools

Schedules change. Buses run late. Emergencies occur.

With Honeywell Instant Alert, schools can let parents know more quickly and conveniently.

No need to rely on the media, the grapevine or the faint hope that students will remember there's an important flier in their backpack. Instant Alert brings the news directly to parents and they can decide how and where they receive messages.

E-mail. Cell phones. Smartphones. They're all options. So log in and stay informed, in an instant.
